Summary — Driven by a passion for programming and a commitment to continuous learning, I aim to sharpen my skills, tackle real-world problems, and approach new challenges with creativity and determination. With the guidance of the right mentor, I believe I can overcome any obstacle and achieve remarkable success.

Skills

Languages	Golang, C, C++, Javascript, Python	**Problem Solving**	300+ problems solved (LeetCode, Codeforces)
Databases	MySQL, MongoDB, PostgreSQL	**Concepts**	OS, OOPs
Tools	Git/GitHub, VS Code, Google Colab		

Projects

go-bookstore-api - GitHub — April 2025 – Present

– Developed a Book Management System using Go and MySQL, implementing full CRUD operations with GORM and Gorilla Mux. Focused on clean API design, modular project structure, and real-world database interaction using ORM.

go-checkMail - GitHub — April 2025 – Present

– Developed a Go-based CLI tool that validates domain DNS configurations by checking for MX, SPF, and DMARC records. Designed for quick diagnostics of email readiness and security policies.

file-organizer - GitHub — July 2025 – Present

– A simple and efficient CLI application written in Golang to automatically organize files in a directory based on their file types (extensions). Ideal for cleaning up your messy 'Downloads' or 'Desktop' folder with a single command!

Education

Premier University — Fall 2020 – Spring 2024

Bachelor of Science in Computer Science and Engineering — *GPA: 3.30*

Relevant Coursework: DSA, OOP, Software Development, DBMS, ML, AI, AWS

Experience

Programming Hero — Mar 2023 – Feb 2025

Digital Maverick's — *Remote*

– Developed educational content, including problem-solving reels and documentation for technical topics, which contributed to increasing engagement on the platform.
– Contributed to the research and writing of a JavaScript book aimed at beginners, focusing on simplifying complex programming concepts for readers.

Leadership & Activities

Responsible Gen. — Mar 2023 – Present

Co-Founder

– Organized a community event ("Eid er Chuya 2023") for 100+ attendees, leading a team of 6 members. Coordinated logistics and outreach, ensuring successful community engagement and smooth event operations.
– Led the (Flood Relief Collection Program) in August 2024 during devastating floods. Distributed dry food and clean water to remote areas in Fatikchhari, Hathazari, and Khagrachhari, focusing on unity and providing aid to those most affected.

Youth Voice — Nov 2021 – Mar 2023

General Member

– Led logistics for the "Chauna Piyaju 2023" event, serving 1000+ people. Managed operational challenges and worked closely with cross-functional teams to ensure effective collaboration.
